Flame Of Hope

Radha Devi, age 34 yers, Darbhanga, Bihar , due to Gangrene 2018 , lost her leg & (Below Knee Amputation & Lt. Eye) first time came at Our Centre with son, Reference Rotary and got Prosthetic treatment with crutch same day now she is happy for this transform work

- **Mr. Rohit Kumar, age 28 years, Aurangabad, Bihar , due to T/A 2000 , lost his rt leg (Below the Knee Amputation) He came at Our Centre and got Prosthetic treatment same day now he is happy for this transform work .**
- **Occupation – Shopkeeper & Yoga Teacher**

Mina Kumari, 09 years, from Bhagalpur,

Cause- Burned her both leg due to home fired, when she was 2months old. Due to critical condition of her leg she did not get any rehabilitation from last 09 years.

She came crawl in the morning at camp spot with many hope and evening, walk on own feet with the help of TCI Foundation Innovative artificial limbs. (Prosthetic Treatment).

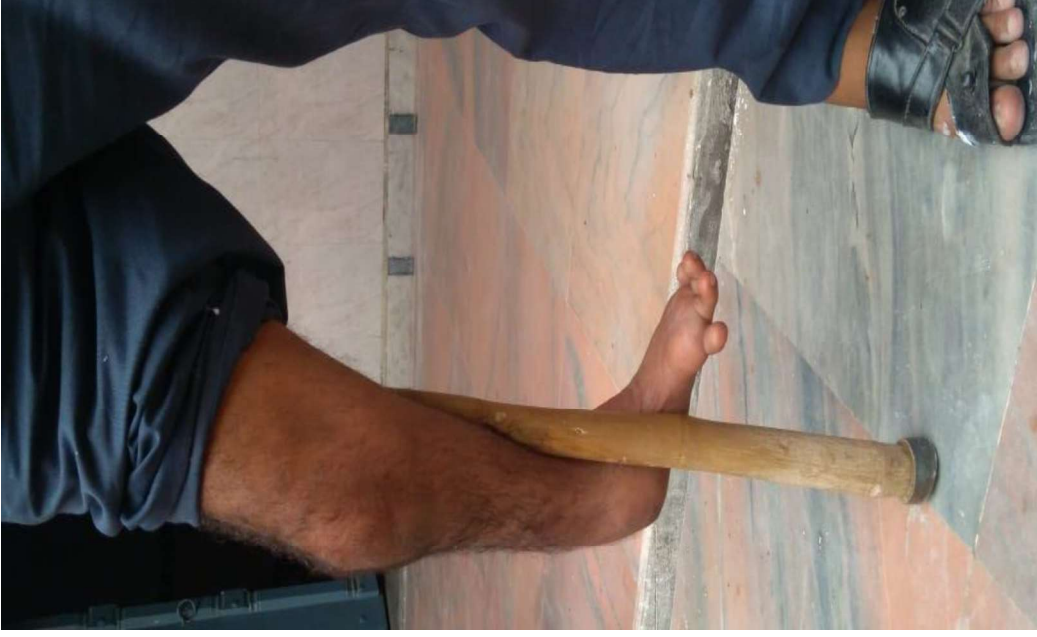

- ये पैर इस बच्ची के लिए वरदान हैं.**

- Ashok Rai, 36 years, from Kalimpong, West Bengal, Due to Road traffic accident since 2012 he lost rt leg above the knee. He came at camp with many hopes .
- Same day he get prosthetic treatment after that He walk first time on both feet after 7 year.
- His family were very happy
- **“ I on behalf of beneficiary Ashok Rai would like to pay my sincere gratitude & earnest thanks to the entire team of TCI Foundation and each & every individual of whose sheer effort make him walk after a long span of 7yrs. His two little daughter’s prayers are always with you all. Thank you so much”.**
- **Ms. Karu (Ashok Rai’s Family member)**

- Sumitra Devi, age 35 years, Samastipur, Bihar , due to a accident 2013 , lost her leg & (Below Knee Amputation) She came at Our Centre with son, and got Prosthetic treatment with Crutch same day now she is happy for this transform work Done by TCI Foundation.
- Cause- Seven years ago, Due to domestic violence. Her husband drunk alcohol and came home or to hit by saw machine and were cut the leg.. and run away from house or still not come back to home.
- She have 3 children.
- After this accident or children's responsibility she did bagging.
- But after get help like- Indra awas or BPL Facility from Govt. Of Bihar, Or Prosthetic Treatment from TCI Foundation.
- Now she doing stitch of cloths at village or her children's going to Govt. School for study.

- Vinay kumar mishra, 60 years, from Bhagalpur, effected by congenital anomalies , He came at camp with the help of wooden stick.
- Same day he get prosthetic treatment (Innovative Artificial limb).
- He walk first time on both feet in his 60years life.

He had very happy for this transform work Done by TCI Foundation.

- **Khushbu kumari age 21 years old, Nalanda, due to aquard pppr , Effected by Polio, She came crawl in the morning at Our Centre and after Orthotic treatment walk on their own feet same day. Now she had happy for this transform work Done by TCI Foundation.**
